GIVIT *together* this Christmas

This Christmas, we're partnering with GIVIT to help people in need across Australia.

Every week, GIVIT receives thousands of requests for essential goods and services from people facing domestic and family violence, homelessness, financial hardship, disaster recovery and more.

This festive season, many families will go without the essentials we take for granted. Together, we can provide practical support to people struggling this Christmas.

What is GIVIT?

GIVIT is Australia's leading needs-based giving platform. Working with a national charity network, GIVIT identifies exactly what's needed and directs donations to people experiencing hardship.

Why donate this Christmas?

From Christmas presents for a family escaping domestic and family violence to fuel vouchers for a person living in their car, your donation goes where it's needed most.
